LIST OF ABBREVIATIONS

SRA	Slovenian Research Agency
STSA	Slovenian Traffic Safety Agency
ESC	Economic and Social Council
EU-OSHA	European Agency for Safety and Health at Work
Eurofound	European Foundation for the Improvement of Living and Working Conditions
CCIS	Chamber of Commerce and Industry of Slovenia
SSRA	Safety statement and risk assessment
Labour Inspectorate	Labour Inspectorate of the Republic of Slovenia
IOTSM	University Medical Centre Ljubljana – Institute of Occupational, Traffic and Sports Medicine
Ministry of Labour	Ministry of Labour, Family, Social Affairs and Equal Opportunities
ILO	International Labour Organisation
EU-OSHA National Network	National network for cooperation with the European Agency for Safety and Health at Work (EU-OSHA)
NIPH	National Institute of Public Health
CCSB	Chamber of Craft and Small Business of Slovenia
BH	Budget heading
ReNPVZD18-27	Resolution on the National Programme of Health and Safety at Work 2018–2027 (Official Gazette of the Republic of Slovenia [<i>Uradni list RS</i>], No. 23/18)
RoC	Roadmap on Carcinogens – Roadmap for the phase-out of carcinogens in the workplace
Statistical Office	Statistical Office of the Republic of Slovenia

CORS	Chemicals Office of the Republic of Slovenia
OSHC	Occupational Safety and Health Chamber
UASES	Union of Associations of Safety Engineers of Slovenia
AOTSM	Association for Occupational, Traffic and Sports Medicine
NEI	National Education Institute
PDIIS	Pension and Disability Insurance Institute of Slovenia
ZPIZ-2	Pension and Disability Insurance Act (Official Gazette of the Republic of Slovenia [<i>Uradni list RS</i>], Nos. 96/12, 39/13, 99/13 – ZSVarPre-C, 101/13 – ZIPRS1415, 44/14 – ORZPIZ206, 85/14 – ZUJF-B, 95/14 – ZUJF-C, 90/15 – ZIUPTD, 102/15, 23/17, 40/17, 65/17, 28/19, 75/19, 139/20, 189/20 – ZFRO, 51/21 and 121/21)
ZVZD-1	Health and Safety at Work Act (Official Gazette of the Republic of Slovenia [<i>Uradni list RS</i>], No. 43/11)
ZZVZZ	Health Care and Health Insurance Act (Official Gazette of the Republic of Slovenia [<i>Uradni list RS</i>], Nos. 72/06 – official consolidated version, 114/06 – ZUTPG, 91/07, 76/08, 62/10 – ZUPJS, 87/11, 40/12 – ZUJF, 21/13 – ZUTD-A, 91/13, 99/13 – ZUPJS-C, 99/13 – ZSVarPre-C, 111/13 – ZMEPIZ-1, 95/14 – ZUJF-C, 47/15 – ZZSDT, 61/17 – ZUPŠ, 64/17 – ZZDej-K, 36/19, 189/20 – ZFRO and 51/21)
HIIS	Health Insurance Institute of the Republic of Slovenia

LEGEND OF SYMBOLS

	The ReNPVZD18-27 measures that have already been implemented or will not be implemented in the second three-year period are marked as grey boxes.
---	---

/ No occurrence.

INTRODUCTION

This Action Plan is the second three-year implementation document of the Resolution on the National Programme of Health and Safety at Work 2018–2027 (Official Gazette of the Republic of Slovenia [*Uradni list RS*], No. 23/18; ReNPVZD18-27), adopted by the National Assembly of the Republic of Slovenia at its 39th session on 27 March 2018. It sets out the measures to be implemented in the 2021–2023 period, the implementers of the measures, the financial resources needed for the implementation of measures, the deadlines and the method of monitoring the implementation of the measures. The outstanding tasks from the previous action plan have been transferred to this action plan. Although the Action Plan was not adopted within the set time frame, the tasks in 2021 were carried out smoothly.

The training and educational events envisaged in this Action Plan will be carried out either via videoconferencing platforms or in person, taking into account the epidemiological situation.

The measures that have already been implemented or will not be implemented in the second three-year period are marked as grey boxes.

At the end of the three-year period for which this Action Plan has been adopted, an analysis of its implementation will be made; this will serve as a basis for the drawing up of the third three-year action plan and/or for the drawing up of a proposal to amend the ReNPVZD18-27; however, if the conditions in the labour market and, consequently, health and safety at work in Slovenia change radically, a proposal will be made for the adoption of a new national programme.

The terms used in the Action Plan, which are written in the grammatical masculine form, are used neutrally and apply equally to both sexes.

ACTIVITIES TO ACHIEVE STRATEGIC OBJECTIVES AND MEASURES

1. Activities to achieve strategic objectives and measures aimed at ensuring occupational safety

Seq. No.	Strategic Objectives and Measures of the ReNPVZD18-27	Implementation period Page
1.1	Reducing the number of accidents at work by 20% in the next 10 years¹	
1.1.1	Development and implementation of a programme of targeted supervision campaigns and consulting of the Labour Inspectorate of the Republic of Slovenia and other competent inspection authorities on the quality and suitability of risk assessment in organisations	
1.1.1.1	Running a targeted occupational safety and health (hereinafter: OSH) campaign on the professionalism in performing the OSH tasks, including safety statement and risk assessment. Authority responsible: Labour Inspectorate	2023 (continued from the first three years) page 30
1.1.1.2	Running a targeted action/conducting targeted inspections of the continuing training of OSH practitioners Authority responsible: Labour Inspectorate	2022 page 31
1.1.1.3	Running a targeted campaign with a representative sample of 1,000 randomly selected employers from all industries and with different numbers of employees Authority responsible: Labour Inspectorate	2021–2023 page 32
1.1.1.4	Consulting of the Labour Inspectorate Project Unit on the implementation of the ZVZD-1 and other regulations issued on the basis of the ZVZD-1 Authority responsible: Labour Inspectorate	2021–2022 page 33

¹The objective is to be achieved in the 2018–2027 period.

1.1.1.5	Active participation in the consultations of the OSHC practitioners Authority responsible: Labour Inspectorate	2021–2023 page 34
1.1.2	Development and implementation of the programme for raising awareness campaigns on health and safety at work in transport, particularly in cooperation with the Slovenian Traffic Safety Agency and the Police, including targeted supervision campaigns and consulting of the inspection authorities Note: The measure will be implemented in the 2024–2027 period.	
1.1.3	Development and implementation of programmes for awareness-raising campaigns for employers and employees in the construction sector to prevent accidents at work, including targeted supervision campaigns and consulting of the Labour Inspectorate	
1.1.3.1	Running a targeted campaign in the construction sector Authority responsible: Labour Inspectorate	2021–2023 page 35
1.1.3.2	Active participation in the consultations of the OSHC coordinators Authority responsible: Labour Inspectorate	2021–2023 page 36
1.1.4	Development and implementation of a programme for awareness-raising campaigns for employers and employees regarding risks of falling from a height or into a cavity, including targeted supervision campaigns and consulting of the Labour Inspectorate Note: The measure will be implemented in the 2024–2027 period.	
1.1.5	Development and implementation of a programme for awareness-raising campaigns for small employers and their employees to prevent accidents at work, including targeted supervision campaigns and consulting of the Labour Inspectorate	
1.1.5.1	Running a targeted OSH campaign on the reporting of accidents at work and keeping documentation on them Authority responsible: Labour Inspectorate	2023 page 37
1.1.6	Introduction of a differentiated contribution rate for health and pension and disability insurance on the basis of a preliminary analysis and simulation	

	Note: The measure will be implemented in the 2024-2027 period.	
1.1.7	Examination of possibilities for tax relief for investments in a safe and healthy working environment and the promotion of health in the workplace Note: The measure will be implemented in the 2024–2027 period.	
1.1.8	Development and implementation of a programme for preparing practical e-tools for risk assessment, OiRA, including a plan for their upgrading, promotion, training of employers to work with the tools, and the introduction and operation of the user support service	
1.1.8.1	Development and implementation of a programme to develop and promote the use of OiRA online risk assessment tools for the 2021–2023 period, including the update of already published OiRA tools Authority responsible: Ministry of Labour	2021–2023 Routine task page 38
1.1.9	Developing and producing practical occupational health and safety e-tools	
1.1.9.1	Training employers to promote occupational safety and health	2021
3.3.5.1	Authority responsible: VZHOD.SI – Foundation for the Improvement of Employment Opportunities Contracting authority: Ministry of Labour	page 40
1.1.9.2	Mobile device app designed to detect carcinogens, mutagens and teratogens and enhance occupational safety and health Authority responsible: Ministry of Labour	2022–2023 page 41
1.1.9.3	Mobile device app – ergonomics for nursing staff and nursing staff trainers Authority responsible: Ministry of Labour	2022–2027 page 42
1.1.10	Awarding national recognitions for employers’ achievements in an integrated approach to occupational safety and health	

1.1.10.1	Holding the national competition for the "Healthy Workplaces Good Practice Awards 2020–2022" (under the slogan "Healthy Workplaces Lighten the Load") and promotion of the award recipient(s) Authority responsible: Ministry of Labour	2020–2024 page 43
1.1.10.2	Holding the national competition for the "Healthy Workplaces Good Practice Awards 2023–2025" (under the slogan "Safe and Healthy Work in the Digital Age") and promotion of the award recipient(s) Authority responsible: Ministry of Labour	2023–2027 page 44
1.1.10.3	Promotion of the past recipients of the "Healthy Workplaces Good Practice" awards Authority responsible: Ministry of Labour	2021–2023 Routine task page 46
1.2	Ensuring the safe use of hazardous chemical substances in work processes and replacing hazardous chemicals with less hazardous ones	
1.2.1	Revision and compilation of a new list of binding limit values for occupational exposure to hazardous chemical substances	
1.2.1.1 6.1.1.1	Drafting and adoption of the Rules on the protection of workers from risks related to exposure to chemical substances at work and the Rules on the protection of workers from risks related to exposure to carcinogenic or mutagenic substances Authority responsible: Ministry of Labour	2022–2023 page 47
1.2.2	Development and implementation of a targeted supervision programme and consulting of the Labour Inspectorate regarding the correct use and the implementation of regulations governing hazardous substances, i.e. chemical, carcinogenic and mutagenic substances, substances toxic to reproduction and asbestos Note: The measure will be implemented in the 2024–2027 period.	
1.2.3	Development and implementation of a programme of awareness-raising campaigns for employers, employees and the general public on risks arising from working with nanomaterials and endocrine disrupters	

1.2.3.1	Development of campaign material on the risks arising from working with endocrine disrupters Authority responsible: Ministry of Labour	2022–2023 page 48
1.2.4	Development of practical guidelines for an assessment of risk due to exposure to hazardous chemical substances	
1.2.4.1	Development of practical guidelines for an assessment of risk due to exposure to hazardous chemical substances Authority responsible: Ministry of Labour	2021 page 49
1.2.5	Development and implementation of a programme of tighter supervision campaigns of the Labour Inspectorate relating to the quality of risk assessment regarding exposure to hazardous chemical substances Note: The measure will be implemented in the 2024–2027 period.	
1.2.6	Implementation of the Roadmap on Carcinogens for the phase-out of carcinogens in the workplace	
1.2.6.1	Exchange of good practices in reducing exposure to carcinogens in the workplace Authorities responsible: Ministry of Labour, Labour Inspectorate	2021–2027 Routine task page 50
1.2.6.2	Holding an international seminar on the protection of hospital employees from the risks of exposure to carcinogens at work Authority responsible: Ministry of Labour	2021 page 51
1.2.6.3	Participation in the implementation of the RoC 2.0 strategy	2022–2027 Routine task
3.2.1.7	Authority responsible: Ministry of Labour	page 52

1.3	Ensuring the high-quality implementation of expert tasks of occupational safety	
1.3.1	Reinforcement of the staff of the Health and Safety at Work Division within the Ministry of Labour (MDDSZ), which will also assume the responsibility for the doctrine of health and safety at work	
1.3.1.1	Reinforcement of the staff of the Health and Safety at Work Division Authority responsible: Ministry of Labour	2021–2023 page 54
1.3.2	Reinforcement of the staff of the Safety and Health at Work Inspection Service at the Labour Inspectorate	
1.3.2.1	Reinforcement of the staff of the Safety and Health at Work Inspection Service at the Labour Inspectorate Authority responsible: Labour Inspectorate	2022–2023 page 55
1.3.3	Development and implementation of a training programme for labour inspectors and other inspectors competent for supervision and consultation	
1.3.3.1	Organisation of workshops for labour inspectors Authority responsible: Labour Inspectorate	2021–2023 page 56
1.3.3.2	Ensuring the participation of labour inspectors in conferences and other expert consultations Authority responsible: Labour Inspectorate	2021–2023 page 57
1.3.4	Development and implementation of a training programme for expert workers	
1.3.4.1	Production of a guide for occupational safety practitioners Authority responsible: Labour Inspectorate	2021–2022 page 58

1.3.4.2 3.3.1.1	Development of guidelines for integrating diversity into OSH risk assessment and training on how to apply them Authority responsible: Ministry of Labour	2021–2023 page 59
1.3.4.3	Development of practical guidelines for workplace risk assessment and training on how to apply them Authority responsible: Ministry of Labour	2021–2023 page 60
1.3.5	Development and implementation of a programme of targeted supervision campaigns of the Labour Inspectorate on the quality and suitability of performance of expert tasks of safety at work by legal entities and sole traders licensed to perform expert tasks	
1.3.5.1	Running a targeted OSH campaign on the professionalism in performing the OSH tasks by external professional services/training of practitioners Authority responsible: Labour Inspectorate	2023 page 61
1.3.6	Development of a modern interdisciplinary study in occupational safety and health	
1.3.6.1	Organisation of a round table on the topic of a modern interdisciplinary study in occupational safety and health Authority responsible: University of Ljubljana, Faculty of Chemistry and Chemical Technology, Ministry of Labour	2021 page 62
1.3.7	Increasing budgetary resources earmarked for basic and applied research in occupational safety and health Note: The measure will be implemented in the 2024–2027 period.	
1.3.8	Promotion of interdisciplinary scientific and research work relating to occupational safety and health Note: The measure will be implemented in the 2024–2027 period.	
1.3.9	Dissemination of findings of foreign research in occupational safety and health	

1.3.9.1	<p>Presentation of the results of Eurofound’s European Working Conditions Survey (2021)</p> <p>Authority responsible: Ministry of Labour</p>	<p>2023</p> <p>page 63</p>
1.3.9.2	<p>Presentation of national and international OSH research on the Health and Safety at Work Portal and educational events</p> <p>Authority responsible: Ministry of Labour</p>	<p>2021–2027</p> <p>Routine task</p> <p>page 64</p>
1.3.10	<p>Monitoring of public procurements to ensure compliance with obligations set out in regulations governing occupational safety and health in practice</p> <p>Note: The measure will be implemented in the 2024–2027 period.</p>	
1.3.11	<p>Digitalisation of the operation of the Labour Inspectorate.</p>	
1.3.11.1	<p>Digitalisation of the Labour Inspectorate — electronic reporting of accidents at work</p> <p>Authority responsible: Labour Inspectorate</p>	<p>2023</p> <p>page 65</p>
1.3.11.2	<p>Digitalisation of the Labour Inspectorate — modernisation of its information system</p> <p>Authority responsible: Labour Inspectorate</p>	<p>2023</p> <p>page 66</p>

2. Activities to achieve strategic objectives and measures aimed at ensuring occupational health

Seq. No.	Strategic Objectives and Measures of the ReNPVZD18-27	Implementation period Page
2.1	Regulation, enforcement, monitoring and upgrading of the system to recognise, diagnose and report occupational diseases	
2.1.1	Drafting, adoption and enforcement of regulations governing the recognition, diagnosis and reporting of occupational diseases	
2.1.1.1	Drafting of the Rules on occupational diseases Authority responsible: Ministry of Health	2022–2023 page 67
2.1.1.2	Setting up a system to recognise occupational diseases, including the training of all stakeholders Authorities responsible: Ministry of Health, IOTSM	2023 page 68
2.1.1.3	Setting up a register of occupational diseases and occupational cancers Authorities responsible: Ministry of Health, IOTSM	2023–2024 page 69
2.1.2	Revision of the regulation on preventive medical examinations	
2.1.2.1	Amendment to the Rules on medical examinations of workers Authority responsible: Ministry of Health	2022–2023 page 70
2.1.2.2	Overview of comparable occupational medicine regimes in EU Member States Authority responsible: Ministry of Health	2022 page 71

2.1.3	Development of expert bases for adopting a regulation on biological monitoring of workers' exposure to hazardous chemical substances	
2.1.3.1	Development of practical guidelines for health surveillance of workers exposed to lead and its ionic compounds Authority responsible: Ministry of Labour	2021 page 72
2.2	Implementing, monitoring and upgrading workplace physical and mental health promotion programmes aimed at preventing chronic diseases and maintaining the ability to work	
2.2.1	Setting up a national platform for providing expert support to employers for the implementation of workplace health promotion programmes Note: The measure will be implemented in the 2024–2027 period.	
2.2.2	Development and delivery of training programmes for employers to promote workplace health, tailored to small enterprises Note: The measure will be implemented in the 2024–2027 period.	
2.2.3	Promotion of examples of good practice for workplace health promotion, particularly examples of good practice from small enterprises Note: The measure will be implemented in the 2024–2027 period.	
2.3	Setting up mechanisms for early detection and assistance in the event of work-related mental strain	
2.3.1	Development of practical guidelines for the early detection of work-related mental strain	
2.3.1.1	Implementation of measures and activities set out in the Resolution on the National Mental Health Programme 2018–2028 Authority responsible: Ministry of Health	2021–2023 page 73
2.3.2	Approach to concluding a social partners' agreement on work-related stress prevention	

2.3.3	Approach to concluding a social partners' agreement on implementing the European Social Partners' Autonomous Framework Agreement on Active Ageing and an Intergenerational Approach ²	
2.3.4	Development and implementation of training programmes for managers on measures regarding work organisation and treatment of people at work to improve the working environment and reduce the presence of psychosocial risks	
2.3.4.1	Comprehensive psychosocial support for businesses to encourage active ageing of the workforce (NAPREJ project) Authority responsible: PRIZMA – Foundation for the Improvement of Employment Opportunities Contracting authority: Ministry of Labour	2021
3.3.5.2		page 74
2.3.5	Development and implementation of a campaign programme to identify, detect and help prevent employee burnout	
2.3.5.1	Campaign to prevent employee burnout Authority responsible: Ministry of Labour	2023–2025 page 75
2.3.6	Promotion of scientific and research work relating to psychosocial risks in the workplace	
2.3.6.1	Conducting research and develop a pilot model of an integrated approach to preventing and addressing psychosocial risks in the social assistance sector Authority responsible: Ministry of Labour	2022–2023 page 76
2.3.6.2	Conducting research and developing a pilot model of an integrated approach to preventing and addressing psychosocial risks in nursing and midwifery care Authority responsible: Ministry of Labour	2023–2024 page 77

² European Social Partners' Autonomous Framework Agreement on Active Ageing and an Intergenerational Approach (<https://healthy-workplaces.eu/sl/news/european-social-partnersframework-agreement-active-ageing-and-intergenerational-approach>).³ The objective is to be achieved in the 2018–2027 period.

2.3.6.3	<p>Conducting research and developing a pilot model of an integrated approach to preventing and addressing violence in the workplace</p> <p>Authority responsible: Ministry of Labour</p>	<p>2023–2024</p> <p>page 78</p>
2.4	Adapting workplaces to prevent musculoskeletal disorders; reducing sick leave absence due to musculoskeletal disorders by 5% in the next 10 years³	
2.4.1	Development and implementation of a programme of targeted supervision campaigns, consulting of the Labour Inspectorate and other competent inspection authorities regarding the correct use and implementation of regulations governing the prevention of musculoskeletal disorders, high-quality risk assessment and workplace health promotion	
2.4.1.1	<p>Participation of the Labour Inspectorate in the European campaign on manual handling of loads and prevention of work-related musculoskeletal disorders</p> <p>Authority responsible: Labour Inspectorate</p>	<p>2022–2023</p> <p>page 79</p>
2.4.1.2 3.1.2.3	<p>Activities in pilot settings for the health management of patients with back pain – pilot studies on the management of patients with back pain with the aim of reducing sick leave absence</p> <p>Authority responsible: Ministry of Health</p>	<p>2023</p> <p>page 80</p>
2.5	Setting up mechanisms to assist workers when returning to work after lengthy sick leave	
2.5.1	<p>Development and implementation of training programmes for employers on how to recognise labour law and health consequences of chronic diseases in workplaces and how to adapt workplaces</p> <p>Note: The measure will be implemented in the 2024–2027 period.</p>	
2.5.3	<p>Collection and dissemination of information on measures and good practices intended to facilitate workers’ return to work after lengthy sick leave</p> <p>Note: The measure will be implemented in the 2024–2027 period.</p>	

2.5.4	Development of practical guidelines to assist workers when returning to work after lengthy sick leave Note: The measure will be implemented in the 2024–2027 period.	
2.6	Ensuring high-quality implementation of expert tasks by occupational medicine practitioners	
2.6.1	Conducting a situation analysis in occupational medicine and the adoption of suitable systemic changes Note: The measure will be implemented in the 2024–2027 period.	
2.6.2	Adoption of quality standards in occupational medicine	
2.6.2.1	Development of baselines for quality standards in occupational medicine practice Authority responsible: Ministry of Health, IOTSM	2022-23 page 81
2.6.3	Development and implementation of a programme of targeted supervision campaigns and consultation with inspection authorities regarding the quality and suitability of performance of expert tasks in occupational health services Note: The measure will be implemented in the 2024–2027 period.	
2.6.4	Review and update of national legislation with the objective of reducing administrative burdens, when this is possible, particularly for micro and small employers Note: The measure will be implemented in the 2024–2027 period.	

3. Activities to achieve strategic objectives and measures aimed at promoting a culture of prevention in occupational safety and health practice and taking into account the diversity of workers

Seq. No.	Strategic Objectives and Measures of the ReNPVZD18-27	Implementation period Page
3.1	Running of thematic campaigns aimed at promoting a culture of prevention in the working environment	
3.1.1	Development and implementation of a programme of national campaigns aimed at promoting a culture of prevention in occupational safety and health practice	
3.1.1.1	A series of awareness-raising videos on carcinogens, mutagens and teratogens in the workplace Authority responsible: Ministry of Labour	2023–2024 page 82
3.1.1.2	An awareness-raising campaigns on work-related stress Authority responsible: Ministry of Labour	2023–2025 page 83
3.1.1.3	Planning and running a campaign to prevent the abuse of alcohol, drugs and illicit substances in the workplace Authority responsible: Ministry of Labour, Ministry of Health	2022–2027 page 84
3.1.2	Continued participation in European Healthy Workplaces Campaigns implemented at the initiative of the EU-OSHA	
3.1.2.1	Running the European Healthy Workplaces Campaign 2020–2022: Healthy Workplaces Lighten the Load Authority responsible: Ministry of Labour	2019–2023 page 85

3.1.2.2	Promotion of activities to prevent musculoskeletal disorders and psychosocial risks at work Authority responsible: National Institute of Public Health Contracting authority: Ministry of Labour	2021 page 87
3.1.2.3 2.4.1.2	Activities in pilot settings for the health management of patients with back pain – pilot studies on the management of patients with back pain with the aim of reducing sick leave absence Authority responsible: Ministry of Health	2023 See description 2.4.1.2 on page 80
3.1.2.4	Planning and running the European Healthy Workplaces Campaign 2023–2025: Safe and healthy work in the digital age Authority responsible: Ministry of Labour	2022–2026 page 88
3.1.2.5	Continuation of the activities of some of the past European campaigns aimed at promoting a culture of prevention in occupational safety and health practice Authority responsible: Ministry of Labour	2021–2027 Routine task page 90
3.1.3	Preparation of material with fundamental principles of culture of prevention in occupational safety and health practice Note: The measure will be implemented in the 2024–2027 period.	
3.2	Introduction of occupational safety and health and healthy lifestyle into education at all levels and in all disciplines	
3.2.1	Development and implementation of a modern programme for introducing occupational safety and health into education, in cooperation with the Ministry of Education, Science and Sport, the National Education Institute Slovenia, and other relevant institutions	
3.2.1.1	Development of a modern programme for introducing occupational safety and health into education Authority responsible: Ministry of Labour, Ministry of Health, Ministry of Education, Science and Sport, and National Education Institute	2022–2023 page 91

3.2.1.2	<p>Organisation of seminars for primary school teachers and head teachers aimed at introducing occupational safety and health topics into education</p> <p>Authorities responsible: Ministry of Labour and National Education Institute</p>	<p>2022–2027</p> <p>Routine task</p> <p>page 92</p>
3.2.1.3	<p>Supplementing Napo didactic video clips for teachers with new lesson plan templates designed on the basis of the Napo series of films</p> <p>Authorities responsible: Ministry of Labour and National Education Institute</p>	<p>2022–2023</p> <p>page 93</p>
3.2.1.4	<p>Production of printed and online materials on basic occupational safety and health for children and primary school pupils</p> <p>Authorities responsible: Ministry of Labour and National Education Institute</p>	<p>2022–2027</p> <p>Routine task</p> <p>page 94</p>
3.2.1.5	<p>Development and implementation of educational presentations on the basics of occupational safety and health for children and schoolchildren</p> <p>Authority responsible: Ministry of Labour</p>	<p>2021–2027</p> <p>Routine task</p> <p>page 95</p>
3.2.1.6	<p>Organisation of screenings of documentary films dealing with occupational safety and health issues, with a discussion for students</p> <p>Authority responsible: Ministry of Labour</p>	<p>2021–2027</p> <p>Routine task</p> <p>page 96</p>
3.2.1.7 1.2.6.3	<p>Drafting of a template for delivering a lesson on carcinogens, including a package of teaching tools</p> <p>Authorities responsible: Ministry of Labour and National Education Institute</p>	<p>2022–2027</p> <p>See the description of activity 1.2.6.3 on page 52</p>
3.3	Promotion of respect for diversity when ensuring occupational safety and health; promotion of providing workplaces for all generations and of intergenerational cooperation	

3.3.1	Development of practical guidelines for assessing risk while taking into account workers' diversity – particularly when considering differences in gender, age and reduced work capacity, including special risks to which migrant workers and posted workers are exposed	
3.3.1.1 1.3.4.2	Development of guidelines for integrating diversity into OSH risk assessment and training on how to apply them Authority responsible: Ministry of Labour	2021–2023 See description for 1.3.4.2 on page 59
3.3.2	Consideration of special risks to which certain groups of workers are exposed (e.g. pregnant workers, workers with disabilities, workers with reduced work capacity, elderly and young workers, migrant workers, posted workers, and women) when preparing practical OiRA e-tools for risk assessment Note: The measure will be implemented in the 2024–2027 period.	
3.3.3	Development of practical guidelines for managing occupational safety and health, taking into account the age structure, and the promotion of intergenerational cooperation	
3.3.3.2	Prolonging years of active employment and reducing absenteeism Authorities responsible: – for the cohesion region of Western Slovenia: University of Primorska – for the cohesion region of Eastern Slovenia: Association of Employers of Slovenia g.i.z. Contracting authority: Ministry of Labour	2021–2022 page 97
3.3.4	Introduction and promotion of risk assessment that takes into account the particular workplace characteristics of older workers Note: The measure will be implemented in the 2024–2027 period.	
3.3.5	Development and implementation of training programmes for managerial and HR staff for intergenerational cooperation	

<p>3.3.5.1</p> <p>1.1.9.1</p>	<p>Training employers to promote occupational safety and health</p> <p>Authority responsible: VZHOD.SI – Foundation for the Improvement of Employment Opportunities</p> <p>Contracting authority: Ministry of Labour</p>	<p>2021</p> <p>See the description of activity 1.1.9.1 on page 40</p>

<p>3.3.5.3</p> <p>4.1.2.1</p>	<p>Organisation of seminars "The Healthy Workplaces for All Ages: How to create a safe and healthy working environment in the digital age through better work organisation and management" with a focus on dealing with older workers, promoting intergenerational cooperation, mentoring, and mutual and reverse mentoring</p> <p>Authority responsible: Ministry of Labour</p>	<p>2023–2027</p> <p>page 99</p>

4. Activities to achieve strategic objectives and measures aimed at ensuring the safety and health of workers engaged in new forms of work and employment relationships

Seq. No.	Strategic Objectives and Measures of the ReNPVZD18-27	Implementation period Page
4.1	Raising the awareness of workers engaged in new forms of work and employment relationships about the basics of health and safety at work	
4.1.1	Planning and running an OSH campaign for workers engaged in new forms of work and employment relationships	
4.1.1.1	Planning and running a campaign for teleworkers Authority responsible: Ministry of Labour	2021–2023 page 100
4.1.1.2	Organisation of the international conference entitled "The Future is Here: Occupational Safety and Health Perspective" Authority responsible: Ministry of Labour	2021 page 102
4.1.2	Promotion of lifelong learning in occupational safety and health, including the promotion of exchanging knowledge and experience between younger and older workers through mentoring and reverse mentoring	
4.1.2.1 3.3.5.3	Organisation of seminars "The Healthy Workplaces for All Ages: How to create a safe and healthy working environment in the digital age through better work organisation and management" with a focus on dealing with older workers, promoting intergenerational cooperation, mentoring, and mutual and reverse mentoring Authority responsible: Ministry of Labour	2023–2027 See description for 3.3.5.3 page 99
4.2	Dissemination of the latest knowledge on changing working environments and new forms of work and employment	
4.2.1	Informing the general public and professional circles of the latest research findings on new forms of work and employment implemented/to be implemented by ILO, Eurofound, EU-OSHA and other research institutions	

4.2.1.1	<p>Keeping the general public and professional circles abreast of the latest research findings on new forms of work and employment, which is/will be implemented by ILO, Eurofound, EU-OSHA and other research institutions, through the Health and Safety at Work Portal</p> <p>Authority responsible: Ministry of Labour</p>	<p>2021–2027 Routine task</p> <p>page 103</p>
4.2.1.2	<p>Organisation of workshops on new and emerging occupational safety and health risks arising from digitalisation</p> <p>Authority responsible: Ministry of Labour</p>	<p>2022–2023 Routine task</p> <p>page 104</p>
4.2.1.3	<p>Revamping the Health and Safety at Work Portal</p> <p>Authority responsible: Ministry of Labour</p>	<p>2021–2024 Routine task</p> <p>page 105</p>

5. Activities to achieve strategic objectives and measures aimed at promoting social dialogue on occupational safety and health

Seq. No.	Strategic Objectives and Measures of the ReNPVZD18-27	Priority for 2021–2022
5.1	Promotion of social dialogue on occupational safety and health	
5.1.1	Development and implementation of training programmes for employers, employees and their representatives for social dialogue on safety and health in organisations	
5.1.2	Conclusion of social agreements in fields which contribute to improving occupational safety and health	

6. Other tasks foreseen by the ReNPVZD18-27

Seq. No.	Other tasks foreseen by the ReNPVZD18-27	Priority for 2021–2023
6.1	Regulations governing occupational safety and health	
6.1.1	Regulations and guidance on occupational safety and health	
6.1.1.1 1.2.1.1	Drafting and adoption of the Rules on the protection of workers from risks related to exposure to chemical substances at work and the Rules on the protection of workers from risks related to exposure to carcinogenic or mutagenic substances Authority responsible: Ministry of Labour	2022–2023 See the description of activity 1.2.1.1 on page 47
6.1.1.2	Transposition of Commission Directive (EU) 2019/1834 of 24 October 2019 amending Annexes II and IV to Council Directive 92/29/as regards purely technical adaptations laying down minimum requirements for the provision of medical care of crew on board vessels into Slovenian legislation/drafting and the adoption of the Rules amending the Rules on minimum requirements for the provision of medical care of crew on board vessels Authority responsible: Ministry of Labour	2021 page 106
6.1.1.3	Transposition of Commission Directive (EU) 2019/1832 of 24 October 2019 amending Annexes I, II and III to Council Directive 89/656/EEC as regards purely technical adjustments, laying down general obligations on the employer with regard to personal protective equipment used by workers at work/drafting and the adoption of the Rules amending the Rules on the personal protective equipment used by workers at work Authority responsible: Ministry of Labour	2021 page 107
6.1.1.4	Drafting and adoption of the Rules on reporting accidents and injuries at work Authority responsible: Ministry of Labour	2021–2022 page 108
6.1.1.5	Drafting and adoption of the Rules ensuring health and safety in manual handling of loads Authority responsible: Ministry of Labour	2021–2022 page 109

6.1.1.6	Drafting and adoption of the Safety and Health Protection at Work at Temporary and Mobile Construction Sites Act Authority responsible: Ministry of Labour	2021–2022 page 110
6.1.1.7	Drafting and adoption of the Rules on the conditions and manner of meeting the requirements for safe and healthy work on temporary and mobile construction sites Authority responsible: Ministry of Labour	2021–2022 page 111
6.1.1.8	Development of guidelines for employers on occupational safety and health in epidemic situations Authority responsible: Ministry of Labour	2020–2021 page 112
6.1.1.9	Drafting and adoption of the Rules on electrical safety in the workplace Authority responsible: Ministry of Labour	2021–2023 page 113
6.1.1.10	Drafting and adoption of the Rules on occupational safety and health in forestry Authority responsible: Ministry of Labour	2021–2023 page 114
6.2	Statistics on occupational safety and health	
6.2.1	Evaluation of administrative and survey sources of statistical data on work accidents, work injuries, sick leave, occupational diseases and work-related health problems	
6.2.1.1	International comparison and evaluation of administrative and survey sources of statistical data on work accidents, work injuries, sick leave, occupational diseases and work-related health problems Authorities responsible: Ministry of Labour, Ministry of Health, Labour Inspectorate, National Institute of Public Health and Statistical Office	2023–2024 page 115
6.2.1.2	Examining the possibility of setting up an e-register of exposure to harmful substances in the working environment Authorities responsible: Ministry of Labour	2022–2024 page 116
6.2.2	Renovation of the statistical monitoring system for that area Note: The measure will be implemented in the 2024–2027 period.	

6.3	Analyses, evaluations and drafting of implementing documents for the ReNPVZD18-27	
6.3.1	Evaluation of the implementation of the Action Plan to the ReNPVZD18-27 for the 2021–2023 period	
6.3.1.1	<p>Conducting a situation analysis of occupational safety and health with an evaluation of the implementation of the Action Plan for the Implementation of the Resolution on the National Programme of Health and Safety at Work 2018-2027 for the 2021–2023 period</p> <p>Authorities responsible: Ministry of Labour in cooperation with the individual authorities responsible for the measures under this Action Plan</p>	2023
6.3.2	Drafting of implementing documents	
6.3.2.1	<p>Drawing up the draft of the Action Plan for the implementation of the ReNPVZD18-27 for the 2024–2027 period</p> <p>Authority responsible: Ministry of Labour</p>	2023–2024

DESCRIPTIONS OF ACTIVITIES

Sequence number:	1.1.1.1
Title:	Running a targeted OSH campaign on the professionalism in performing the OSH tasks
Target groups:	<ul style="list-style-type: none"> – Occupational safety and health (OSH) practitioners working for employers – External practitioners – Employers performing the tasks of OSH practitioners
Period:	2023 (continuation of the project from the first three years)
Description (by year):	<ul style="list-style-type: none"> – Non-routine inspections of employers
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	<ul style="list-style-type: none"> – The activity will be carried out as part of the Labour Inspectorate's routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> – Number of inspections carried out – Number of external practitioners inspected – Number of employers inspected – Number of violations found – Comparison with the first three-year period

Sequence number:	1.1.1.2
Title:	Running a targeted campaign/conducting targeted inspections of the continuing training of OSH practitioners
Target groups:	<ul style="list-style-type: none"> - OSH practitioners working for employers - External practitioners - Employers performing the tasks of OSH practitioners
Period:	2022
Description (by year):	<ul style="list-style-type: none"> - Non-routine inspections of employers
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	<ul style="list-style-type: none"> - The activity will be carried out as part of the Labour Inspectorate's routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> - Number of inspections carried out - Number of practitioners inspected - Number of employers inspected - Number and analysis of violations found

Sequence number:	1.1.1.3
Title:	Running a targeted campaign with a representative sample of 1,000 randomly selected employers from all industries and with different numbers of employees; the inspection covers the ten most important OSH requirements, including safety statement and risk assessment
Target groups:	– Employers (regardless of activity and number of employees)
Period:	2021–2023
Description (by year):	– Non-routine inspections of employers
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	– The activity will be carried out as part of the Labour Inspectorate’s routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> – Number of inspections carried out in the 2021–2023 period, by year – Number of employers inspected in the 2021–2023 period, by year – Number of violations found, by year – Comparison of violations found in all the entities inspected – Comparison with the first three-year period

Sequence number:	1.1.1.4
Title:	Consulting of the Labour Inspectorate Project Unit on the implementation of the ZVZD-1 and other regulations issued on the basis of the ZVZD-1
Target groups:	– Employers (regardless of activity and number of employees)
Period:	2021–2022
Description (by year):	<ul style="list-style-type: none"> – 2021: <ul style="list-style-type: none"> – Delivery of 40 training sessions for a total of 1,080 employers – Active participation in six consultations organised by different stakeholders on occupational safety and health – Mediations in occupational safety and health and employment relationships – 2022: <ul style="list-style-type: none"> – Delivery of 35 training sessions for a total of 1,080 employers – Active participation in six consultations organised by different stakeholders on occupational safety and health – Mediations in occupational safety and health and employment relationships
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	<ul style="list-style-type: none"> – 2021: EUR 5,000 to be provided by the Labour Inspectorate under BH 170288 and BH 170289 (EU project funds) – 2022: EUR 5,000 to be provided by the Labour Inspectorate under BH 170288 and BH 170289 (EU project funds)
Monitoring indicators:	<ul style="list-style-type: none"> – Number of training sessions per year – Number of participants (employers) per year – Number of consultations – Number of mediations and their success rate – Comparison with the first three-year period

Sequence number:	1.1.1.5
Title:	Active participation in the consultations of the OSHC professional staff
Target groups:	<ul style="list-style-type: none"> - Occupational safety practitioners - Occupational medicine practitioners - Labour inspectors
Period:	2021–2023
Description (by year):	<ul style="list-style-type: none"> - Lectures on topics related to the findings of the Labour Inspectorate during the period under review - Providing guidance for professional implementation of OSH tasks - Examples of good and poor practices
Key authority:	Labour Inspectorate
Participating institutions:	OSHC
Estimated funds:	<ul style="list-style-type: none"> - The activity will be carried out as part of the Labour Inspectorate's routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> - Number of consultations with the OSHC for occupational safety practitioners and occupational medicine practitioners with lecturers from the Labour Inspectorate - Number of lecturers – representatives of the Labour Inspectorate - Total number of participants - Number of participants – representatives of the Labour Inspectorate - Comparison with the first three-year period

Sequence number:	1.1.3.1
Title:	Running a targeted campaign in the construction sector throughout the year and twice a year (spring and autumn) for one week, with all available inspectors present
Target groups:	<ul style="list-style-type: none"> – Main contractors and subcontractors on construction sites registered with the Labour Inspectorate – Contractors on construction sites not registered with the Labour Inspectorate – Coordinators on temporary and mobile construction sites – Contracting authorities for construction works
Period:	2021-23
Description (by year):	<ul style="list-style-type: none"> – Non-routine inspections at temporary and mobile construction sites
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	<ul style="list-style-type: none"> – The activity will be carried out as part of the Labour Inspectorate's routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> – Number of construction sites inspected during the period – Number of entities inspected on construction sites during the period – Number of violations found – Descriptive assessment of the situation on construction sites and the work of the coordinators – Comparison with the first three-year period

Sequence number:	1.1.3.2
Title:	Active participation in the consultations of the OSHC coordinators
Target groups:	<ul style="list-style-type: none"> – OSH coordinators on construction sites – Occupational safety practitioners – Labour inspectors
Period:	2021–2023
Description (by year):	<ul style="list-style-type: none"> – Lectures on topics related to the findings of the Labour Inspectorate during the period under review – Providing guidance for the professional implementation of the tasks of OSH coordinators on construction sites – Examples of good and poor practices
Key authority:	Labour Inspectorate of the Republic of Slovenia
Participating institutions:	OSHC
Estimated funds:	<ul style="list-style-type: none"> – The activity will be carried out as part of the Labour Inspectorate’s routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> – Number of consultations of the OSHC for the safety and health at work coordinators on construction sites with lecturers from the Labour Inspectorate – Number of lecturers – representatives of the Labour Inspectorate – Total number of participants – Number of participants – representatives of the Labour Inspectorate – Comparison with the first three-year period

Sequence number:	1.1.5.1
Title:	Running a targeted OSH campaign on the reporting of accidents at work and keeping documentation on them
Target groups:	– Employers (regardless of activity and number of employees)
Period:	2023
Description (by year):	– Non-routine inspections of employers
Key authority:	Labour Inspectorate
Participating institutions:	/
Estimated funds:	– The activity will be carried out as part of the Labour Inspectorate's routine tasks with no additional budget funds needed.
Monitoring indicators:	<ul style="list-style-type: none"> – Number of inspections carried out – Number of employers inspected – Number of violations found in relation to the reporting of accidents at work and the keeping of documentation related thereto – Analysis of data provided by the Labour Inspectorate on accidents at work, by year and activity – Analysis and comparison of data provided by the Labour Inspectorate on accidents at work and data provided by the National Institute of Public Health on occupational injuries

Sequence number:	1.1.8.1
Title:	Development and implementation of a programme to develop and promote the use of OiRA online risk assessment tools for the 2021–2023 period, including the update of already published OiRA tools
Target groups:	– Micro, small and medium-sized employers
Period:	2021–2023 / Routine task
Description (by year):	<ul style="list-style-type: none"> – 2021: Analysis of existing tools and compilation of a list of chapters to be updated; development of a programme for the production and promotion of the use of OiRA online risk assessment tools for the 2021–2023 period, coordinated with the Labour Inspectorate and social partners; implementation of promotional activities; production and launching of three promotional films; organisation of 2 workshops to train employers in the use of these tools – 2022: Implementation of the programme for the promotion of OiRA online risk assessment tools for the 2021–2022 period: updates of 10 existing OiRA risk assessment tools, creation of 1 new OiRA online risk assessment tool, delivery of 3 workshops to train employers in the use of these tools – 2023: Implementation of the programme for the promotion of OiRA online risk assessment tools for the 2022–2023 period: updates of 10 existing OiRA risk assessment tools, creation of 2 new OiRA online risk assessment tools, delivery of 3 workshops to train employers in the use of these tools
Key authority:	Ministry of Labour
Participating institutions:	Labour Inspectorate, social partners
Estimated funds:	<ul style="list-style-type: none"> – 2021: The preparation of the analysis, the programme and the promotional activities will be carried out as part of the routine tasks of the Ministry of Labour with no additional budget funds needed. – 2022: EUR 20,000 to be provided by the Ministry of Labour under BH 6207 – 2023: EUR 20,000 to be provided by the Ministry of Labour under BH 6207
Monitoring indicators:	<ul style="list-style-type: none"> – Programme for the creation and promotion of practical OiRA risk assessment e-tools for the 2021–2023 period – Number of new OiRA risk assessment e-tools

	– Number of workshops aimed at training employers to use the aforementioned tool
--	---

Sequence number:	1.1.9.1 3.3.5.1
Title:	Training employers to promote occupational safety and health
Target groups:	<ul style="list-style-type: none"> – Employees, especially those over 45 years of age – Employers – Occupational safety practitioners
Period:	2021
Description (by year):	<ul style="list-style-type: none"> – Production of educational videos showing concrete workplace adaptations as an example of good practice and production of promotional videos for the general public – Workplace adjustments
Key authority:	VZHOD.SI – Foundation for the Improvement of Employment Opportunities
Contracting authority:	Ministry of Labour
Participating institutions:	<ul style="list-style-type: none"> – Project partners of the Association of Employers of Slovenia, Chamber of Commerce and Industry of Štajerska
Estimated funds:	<ul style="list-style-type: none"> – 80% of the project activities are co-financed by the European Cohesion Fund – European Social Fund – 2021: EUR 401,767.42 to be provided by the Ministry of Labour under BH 160125 and BH 160126 (cohesion funds)
Monitoring indicators:	<ul style="list-style-type: none"> – E-classroom up and running – Number of promotional clips produced – Number of educational videos produced of workplace adjustments in organisations – Number of organisations involved in workplace adjustments – Number of conferences held – Number of information events carried out – Number of media campaigns carried out – Number of workplace adjustments in organisations

Sequence number:	1.1.9.2
Title:	Mobile device app designed to detect carcinogens, mutagens and teratogens and enhance occupational safety and health
Target groups:	<ul style="list-style-type: none"> - Employees - Trade unions - Practitioners - Employers
Period:	2022–2023
Description (by year):	<p>2022: Designing the app</p> <p>2023: Promotion of the app</p>
Key authority:	Ministry of Labour
Participating institutions:	Contractor selected under a low-value contract procedure
Estimated funds:	<ul style="list-style-type: none"> - 2022: EUR 10,000 to be provided by the Ministry of Labour under BH 6505 - 2023: EUR 10,000 to be provided by the Ministry of Labour under BH 6505
Monitoring indicators:	<ul style="list-style-type: none"> - Application developed - Number of app installations - Number of publications in the media

Sequence number:	1.1.9.3
Title:	Mobile device app – ergonomics for nursing staff and nursing staff trainers
Target groups:	<ul style="list-style-type: none"> – Nursing staff in healthcare and the activities of institutions for nursing care of the elderly and the disabled – Lecturers of nursing and care at secondary schools of nursing
Period:	2022–2027 / Routine task
Description (by year):	<ul style="list-style-type: none"> – 2022: Creation of the Slovenian language version of the EULift mobile app – 2023: 3 ergonomic workshops for EULift users – 2024-27: 1 ergonomic workshop for EULift users held annually
Key authority:	Ministry of Labour
Participating institutions:	/
Estimated funds:	<p>2022: EUR 5,000 to be provided by the Ministry of Labour under BH 6208</p> <p>2023: EUR 9,000 to be provided by the Ministry of Labour under BH 6208</p> <p>2024–2027: EUR 3,000 to be provided by the Ministry of Labour under BH 6208 annually</p>
Monitoring indicators:	<ul style="list-style-type: none"> – Application developed – Number of app installations – Number of ergonomic workshops for EULift users – Number of participants in workshops for EULift users

Sequence number:	1.1.10.1
Title:	Holding the national competition for the "Healthy Workplaces Good Practice Awards 2020–2022" (under the slogan "Healthy Workplaces Lighten the Load") and promotion of the award recipient(s)
Target groups:	<ul style="list-style-type: none"> – Employers – Employees – General public
Period:	2020–2024
Description (by year):	<ul style="list-style-type: none"> – 2020–2021: <ul style="list-style-type: none"> – Holding the national competition – Applying for the European competition by the award recipient(s) – 2022: <ul style="list-style-type: none"> – National awards ceremony – Filming the demonstration film(s) on the example(s) of good practice – 2023–2024: <ul style="list-style-type: none"> – Promotion of the award recipient(s)
Key authority:	Ministry of Labour
Participating institutions:	<ul style="list-style-type: none"> – National network for cooperation with the EU-OSHA – Organisation(s) that have developed the good practice example(s)
Estimated funds:	<ul style="list-style-type: none"> – 2022: EUR 25,000 to be provided by the Ministry of Labour under BH 3675 – 2023: EUR 3,000 to be provided by the Ministry of Labour under BH 3675
Monitoring indicators:	<ul style="list-style-type: none"> – Ranking of the national award winner(s) in the European competition – Presentation film(s) on good practice example(s) – Number of views of the film(s) on YouTube – Number of OSH educational events at which (a) presentation film(s) on good practice case(s) will be screened – Number of events and other activities at which award-winning examples of good practice have been presented - with the aim of transferring good practice to other working environments

Sequence number:	1.1.10.2
Title:	Holding the national competition for the "Healthy Workplaces Good Practice Awards 2023-2025" (under the slogan "Safe and Healthy Work in the Digital Age") and promotion of the award recipient(s)
Target groups:	<ul style="list-style-type: none"> - Employers - Employees - General public
Period:	2023-2027
Description (by year):	<ul style="list-style-type: none"> - 2023-2024: <ul style="list-style-type: none"> - Holding the national competition - Applying for the European competition by the award recipient(s) - 2025: <ul style="list-style-type: none"> - National awards ceremony - Filming the demonstration film(s) on the example(s) of good practice - 2026-2027: <ul style="list-style-type: none"> - Promotion of the award recipient(s)
Key authority:	Ministry of Labour

Sequence number:	2.1.1.1
Title:	Amendment to the Rules on occupational diseases
Target groups:	– Employees
Period:	2022–2023
Description (by year):	<p>The Ministry of Health started drafting an amendment to the Rules on occupational diseases in 2015. The draft amendment was presented to the Economic and Social Council (ESS) in 2017. On the basis of the ESS decision, the working group transformed itself into the Expert Committee on the Organisation of the State and Public Affairs to discuss the draft Rules on occupational diseases. The Expert Committee met in December 2017 and February 2018. During the coordination of the draft amendment to the rules with the social partners, it became apparent that the social partners had failed to reach a consensus through social dialogue. Furthermore, the Government Office for Legislation pointed out that the field of occupational diseases was under-regulated, which could not be resolved by an executive act, and that it was necessary to amend the basic legislation (Health Care and Health Insurance Act/ZZVZZ).</p>
Key authority:	Ministry of Health
Participating institutions:	/
Estimated funds:	<ul style="list-style-type: none"> – 2022: The activity will be carried out as part of the routine tasks of the Ministry of Health. – 2023: The activity will mainly be implemented as part of the routine tasks of the Ministry of Health (EUR 5,000 to be provided by the Ministry of Health under BH 1446).

Title:	Amendment to the Rules on medical examinations of workers
Target groups:	<ul style="list-style-type: none"> – Employees – Employers – Physicians, specialists in occupational, traffic and sports medicine
Period:	2022–2023
Description (by year):	<p>The Rules on medical examinations of workers specify the types, scope and content of preventive medical examinations for workers and the methods and deadlines for carrying them out. The existing Rules have been in force since 2002 and a minor amendment was adopted in 2006 concerning preventive medical examinations for professional drivers. No other updates have been made to the Rules so far. The structure of the economy is constantly changing, and so are jobs and workplace risks. Concurrently, new risks are emerging, e.g. the COVID-19 epidemic. The Rules will be updated taking into consideration the professional guidelines of occupational medicine, good practice in comparable European countries, and the characteristics of the existing Slovenian healthcare for workers and changes to it.</p>
Key authority:	Ministry of Health
Participating institutions:	Institute of Occupational, Traffic and Sports Medicine
